Sweepers on a pay of Rs 4 each per mensem & the additional provision of Rs 132/- on account of the pay of the establishment now recommended The necessity for the additional establishment is not seen stated though from the resolution of the Pol. Committee it will be seen that the present pay of the sweepers is inadequate & that some of the existing men on Rs 4/- pay must give up service.

3) It is a point for consideration whether the pay of some of the sweepers may be increased by one rupee

Excess provision on account of public works seems to have been made in view of the fact that the estimated closing balance was very much more than the prescribed minimum. This was also the case with regard to the estimates for 1910-11.

Sir,

With reference to your letter No.9295/M1 76-11-33 dated 5th June 1912 calling for further particulars re the entertainment of 2 additional sweepers for Melkote, I have the honor to state that the Municipal Council are of opinion that the additional cost may be met from Muzrai funds. The town of Melkote has gained its importance owing to its being a place of piligrimage and the President of the Municipal Council is rightly of opinion that without contribution from Muzrai funds, the Municipality cannot maintain the sanitation efficiently. I beg that Government may be pleased to accord sanction to the proposal of the Municipal Council.

Letter No 324 dated 14th March from the Assistant Commissioner French Rocks Division to the Deputy Commissioner Mysore District.

His yadi No.3782/238 dated 21st June 1912 forwarding for report Government order No.9296/Ml 76-11-33 and subsequent reminders thereon in the matter of the necessity for ~~&&&&&&&&~~ increasing the conservancy establishment at Melkote Municipality,

---

Has the honor to state that considering that Melkote, besides being populous and ill drained, is also a place of piligrimage attracting people from all parts of India, the entertainment of the additional sweepers seems an absolute necessity

2 It is true that the resources of the Municipality do not permit of incurring the additional recurring expenditure required for the purpose

3 Having regard to the fact that a good part of this ---- expenditure is necessitated by the importance of the Uzaral institutions here, and subserves the interests of the pilgrims attracted by them, the Municipal Board at Melkote have resolved at a meeting held on 15th February 1913 that the additional cost proposed might be met entirely out of Huzarat Funds The undersigned begs to support this view as it appears perfctly equitable, and as without the subsidy asked for, the Municipality would find itself unable to maintain the sanitation efficiently It is therefore requested that Government may kindly be moved in the matter
